FPL is a typical narcissistic “Gubmint Bureaucracy” and worships the bottom line.

If they will not consider and honor a rate adjustment for Senior Veterans then I would no longer conservative and enjoy the benefits of Air Conditioning in particular at night

TVA regulates our Rates here in Tennessee and to date has been “reasonable” in their Assessment to our Coop provider

Maybe FPL can educate themselves and get their head out from under the Florida Sands

Dear Mr. Walsh:

I am in receipt of your November 11th E-mail to the Florida Public Service Commission (FPSC) inquiring about a rate for caretaker status or seasonal customers.

Florida Power & Light Company does not offer separate rate classifications for caretaker status or seasonal customers. Your account is billed as Residential Service.

Please contact me at 1-800-342-3552 if you have questions or concerns.

Does FPL have a "Caretaker Status" for homes used seasonally? You might get a lower rate

We have HydroElectric Power here on Norris Lake and much lower TVA rates
