Dear Florida Public Service Commissioners,

We need your help to stop the endless electricity rate hikes in Florida.

Tampa Electric (TECO) has raised residential rates by 62% in the last four years. TECO's petition (Docket #20230122-E1) to file ONLY a 4CP and MDS cost of service study with their anticipated 2024 rate case is just another attempt to raise rates in a way that is extremely favorable to large industrial users and unfavorable to residential customers. Residential customers need protection from these never-ending rate hikes.

Please require TECO to file a more balanced cost of service study (12CP and 1/13th AD) and

ensure that Florida families are protected in the process.

Sincerely,

Ashley Sainte
