Dear Commissioners, we are writing to voice our opposition to EU's application to provide service to Palm Island. We feel it is very important for the county to realize the uniqueness of our situation. To begin it has not been determined that sewers are needed. Also, we have no confidence in the contractor you are considering for a project of this magnitude. It worries us of unforeseen destruction of our fragile wildlife habitats. The costs at a time when we are barely able to recover from damages of Ian. Not to mention the current plan to increase our insurance rates. Then who do you think is having to pay the exorbitant future monthly sewer fee.? We feel the county pushes our interests aside and turns a deaf ear to our needs. Please consider this a plea to think of your constituents wishes.
