Dear Clerk,

Please read this letter as my strong objection to the application for a wastewater certificate by Environmental Utilities, LLC. My wife and I have a home at 411 North Gulf Boulevard, Knight (Palm) Island. We are requesting that the commission deny the application for unwanted and unneeded wastewater service. The applicant has no previous examples to show competence in this project. It appears this is simply an attempt to make money off the homeowners for personal gain. Nobody that I know wants this and the mandatory costs are just made up guesses. I've heard that the leaders of Environmental Utilities have a history of unfinished overreach projects. Please do not allow this organization to mess up our island. Thank you.
