I am writing to firmly request that you DENY the EU's application for wastewater service. We do not want a private for profit company without experience servicing our area. We do not want the associated expense and have NO problem with the system we use now. WE, the island owners, are NOT asking for sewers on our island that may disrupt our way of life. We do not want this change and do not want to be forced into something that we don't want that will cause us financial hardship. I own two properties on the island and the financial hardship would be devastating.

PLEASE, PLEASE, PLEASE deny their application. "If it 'aint broke, don't fix it"

Thank you for your consideration.
