Regarding the sewer hook up on Little Gasparilla Island ,I am a homeowner at 8862 Bay St. I am opposed to the sewer, for a few reasons. The system Jack is using does not seem appropriate for the island . It still holds the solids from what I read. We do have a lot of power outages out here so the whole electric system also does not work to well. The cost is out of control, beings that a private company is doing this rather than the county.. we could get in board with this if we were being treated by the county as tax payers. But they are throwing us to the

WOLF, so they can wash their hands.with grants and such available to a government entity the cost could be decreased greatly. Thank you for your time. Judy Sanderson islandlulu88@gmail.com.
