To whom it may concern,

Clearly the entities trying to push this sewer issue do not live on our island. They can't conceive of the total nightmare this action will cause here; transportation issues, wildlife displacement issues, not to mention the financial expense !! Why disrupt the lifestyle here? I don't know of one resident that wants this action to take place. The only benefit will be to those who financially benefit from this unnecessary project...ENOUGH with greed!.. Leave us alone!!
