Subject: RE: OPPOSE granting permission for central sewer Docket #20240032-SU

Good Morning, Bryan and Debra Fredrick.

We will be placing your comments below in consumer correspondence in Docket No. 20240032, and forwarding them to the Office of Consumer Assistance and Outreach.

Thank you!

Toni Hover
Commission Deputy Clerk I
Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, FL 32399

6 May 2024

This letter is to voice our opinion **AGAINST** allowing Environmental Utilities, LLC to install a central sewer system on Don Pedro Island (**Docket # 20240032-SU**).

- 1.) We don't feel there is a need for a central sewer system. Our present septic systems work just fine. We are diligent regarding having them periodically inspected and pumped to ensure they are not polluting the environment.
- 2.) The applicant does not have the technical expertise to run a central sewer system. He has never done so. He is reviled on Little Gasparilla Island where he runs the shoddy water utility there.

- 3.) The applicant does not have the financial ability to run a central sewer system. He has declared bankruptcy in the past and would not qualify for the sizable loan for up-front starting costs.
- 4.) The estimated rates would be exorbitant, with an initial connection fee of over \$13,000. and monthly fees of over \$250.

Again, we are in **OPPOSITION** of granting permission to allow a central sewer system on Don Pedro Island (**Docket #20240032-SU**).

Sincerely, Bryan & Debra Fredrick
Blvd Placida, FL (Don Pedro Island)

111 S Gulf
