Dear Commissioner Passidomo,

I am in support of a Centralized Wastewater collection system for the barrier islands.

I have family that lives on the coast and when we visit, we love to go boating and visit the islands. Each barrier island is unique and gives you a special feeling, along with an assortment of wildlife. But lately we have noticed more and more a decline in water quality. I believe that a Centralized Wastewater Collection system would help to preserve the waters, which in turn would keep a healthy ecosystem for all wildlife.

This is why I do support a Centralized Wastewater Collection system for all barrier islands.

Thank you,

James McKinney
