Good Morning,

We will be placing your comments below in consumer correspondence in Docket No. 20240026-EI and forwarding your comments to the Office of Consumer Assistance and Outreach.

Sincerely,

Brian Schultz

Commission Deputy Clerk II
Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, Florida 32399

Subject: Docket #20240026

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Dear Florida Public Service Commissioners,

We need your help to stop the ever increasing electricity rate hikes in Florida.

Tampa Electric (TECO) has raised residential rates by 62% in the last four years. TECO's petition (Docket #20240026) unfairly burdens residential customers and asks for a return on equity (over 11%), well above the national average. Residential customers need protection from these never-ending rate hikes.

Our families need access to clean, affordable energy, and TECO's rate case shows their intent to further invest in fossil fuels and make energy more expensive. TECO customers already pay some of the highest bills in the country. We can't afford to be padding the pockets of shareholders while we are just trying to keep the lights on. We want TECO to pass the

savings they're getting from community and individual solar to all of us customers.

Also, we need more access to the process. One in-district hearing on a weekday morning is not accessible to most of Tampa Electric's ratepayers. We need more opportunities to take part in the process.

Please oppose Tampa Electric's petition for rate increase (Docket#20240026), hold more in-district hearings, and ensure that Florida families are protected in the process.

Sincerely,

Sabine Prather
