**To:** Brianna Stevens <BrSteven@psc.state.fl.us>  
**Subject:** 20240025 - closeout PR69

Hello Brianna,

For an example see: **1445959C**

Once you have entered the files in CATs, please FORWARD the email to John and state "Please forward to Clerk's office". John will send you an email back. Once you receive the email back from John, please place John's response on CATs.

Thanks

Consina

**Subject:** Requested Rate increase

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

To PSC,

Please don't approve Duke Energy's request for any increase, or an increase on "guaranteed equity income!!!! We don't get a guarantee of no losses! We the people whom it affects haven't even had a chance to recover from all of the high increases from food , services, all types of Insurances, etc!!! Even from the previous electricity increases!!! Our incomes just can't take it!!! Robbing Pete to pay Paul... and in the end out on the streets because we can't afford to live reasonably in our homes anymore... The increases affect everyone except a few and they are trying too guarantee no losses when we all should share in them, so it's better for all!

Thank you for your time,  
April Davis

Hello,

I heard the news that Duke Energy is seeking the approval to increase the monthly energy bill.

I live in Saint Petersburg FL and would like to state that I already have a hard time paying the current bill, **I completely oppose the increase**, this will literally cause many families include myself to go into deep financial crises with the current inflation where everything is very expensive. Energy is a necessity for people not a want, something we can't live without, please don't approve the increase.

Thank you,  
Edlira

I oppose the proposed power company increases and ask that you not approve them. People are struggling and many are already losing their homes.

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Please do not allow the rate increase for Duke energy. We are struggling to pay our bills now. They are NOT justified in a rate increase.

Please help the citizens of Florida by denying this request!

Paula Lindsey

**Subject:** Duke Energy Proposed Rate Hike

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

To Whom This May Concern,

From what I am understanding Duke Energy is seeking a rate hike for Pinellas County residents. As you know everyone is struggling with our current economy. I know my Husband and I are along with my children and grandchildren. I'm not sure how much more they can suck out of us. Please consider this in your decision when filling the CEO's pockets with more money. These people are living extravagant lives while we are suffering. I know this as a former employee of the electric company who never saw any of the profits.

We are begging you the PSC to put a stop to the madness.

Thank you for consideration,

Kenneth and Diane Rowe

Kenneth City, Florida residents

To whom it may concern,

I am a Florida resident for 40 plus years. I am opposed to the recent suggested Duke energy price increases for the next three years. Prices are already astronomical and will continue to be a burden to myself and other residents.

Please reconsider your business decisions on this matter.

Thank you,

Good morning. As a concerned home owner in Saint Petersburg I am writing to inform you that I do not want Duke energy getting anymore money from us. Their proposal is absurd. If they can justify any increase at all I want to see it and make it public to everyone.

Thanks  
Mike Jones
