I and my family object to the following increase by Duke Energy: They are seeking approval for an \$820 million increase from the Florida Public Service Commission (PSC). Here is what Duke is asking: Raise rates by 27% over the next three years, this is a \$16.48 per month increase in 2025 alone. Increase their guaranteed profit (return on equity) to 11.5%, well above the national average of 9.71%. Add \$2.56 more to the \$30 per month fixed customer charge, which is unrelated to electric usage. This rate hike will burden households already struggling with rising costs.

COMPLAINT INFORMATION

Complaint: Other Complaints against Duke Energy Florida, LLC d/b/a Duke Energy
Details:

I'm asking that the rate increases requested by Duke Energy be denied. I am a senior citizen and also a widow living on a fixed income. How much more does the State of Florida think we can afford. car insurance, homeowner insurance, rent increases, home prices , gasoline, groceries, etc,? The greed of corporations are placing hardships on everyone not just seniors. Do the people of Florida a true service and stop the excess greed of the utility company raising the cost of a necessity for us ant a luxury.
