Subject: Rate hike 20240025

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Hello,

Another rate hike is ridiculous. My wife and I added solar panels to reduce our bill. We didn't do it so the power company can keep hiking there rate. Florida is already one of the highest in the nation. My wife and I have considered leaving the state because of reasons like this. Car insurance, home owners insurance and now energy.
