To whom it may concern:

I wish you expressed my opinion that Duke Energy should not be allowed a rate hike. I live in Winter Park, Florida, and our electric bills are already some of the highest in the country. Duke Energy had a raid hike not very long ago. I have been forced to keep my summer temperatures in the house in the low 80 to mid-80's just to avoid paying huge electric bills every month. I should not be forced to live like this.

So, please reject Duke's red hike request, # 20240025.

Sincerely,

Robyn Martin
