***To Whom It May Concern:***

***It has been brought to my attention that the PSC is considering Duke Power's recent REQUEST for RATE HIKE during this week's deliberations. As age 80's plus Seniors, we must voice our concerns for this unnecessary and inflationary rate hike. Recent cost of living factors have severely cut into our "spendable income" and the added burden of this significant rate adjustment is going to create even more intolerable detriment to ALL Florida customers of Duke Power. If any credence by the PSC is given to inflating the rates for this required utility in our homes, a partial or full WAIVER needs to be considered for SENIORS!***
