On June 3, 2024, Tampa Electric Company (TECO or Company) filed a request for confidential treatment of Document No. 04490-2024. This document contains confidential information from TECO's responses to Staff's Second Set of Interrogatories, No. 19 and Staff's Second Request for Production of Documents, No. 16. The confidential information contained within the response can be described as critical energy infrastructure information.

In its request for confidentiality, TECO asserts that disclosure of this information would harm TECO, as the information relates to competitive interests and security measures. Furthermore, TECO states that the Company treats the highlighted information provided in Document No. 04490-2024 as private and has not publicly disclosed it. If disclosed it could compromise the security interests of the Company and also impair the competitive business of the provider of the information.

Staff has reviewed the documents and concurs with TECO that the nature of the information meets the requirements set forth in Section 366.093(3)(c) and (e), Florida Statutes, whereby disclosure of the information would compromise the security interests of TECO, and impair its competitive business interests. Therefore, staff recommends the request by TECO for confidential classification of Document No. 04490-2024 be approved.
