Dear PSC Member,

***Please see some of my actual bills further below.

As a concerned Duke Energy customer [and AARP member in Florida], I am writing to express my opposition to Duke Energy's proposed rate increase.

I urge you to carefully consider the impact of a rate increase on Florida residents, particularly the most vulnerable among us. With the rising costs of living, including healthcare and housing, a hike in utility rates would decrease our quality of life.

I ask that you prioritize the interests of consumers over corporate greed and reject Duke Energy's proposed increase to the return on equity and fixed customer charge. This is pure

profit that customers should not have to pay for. Now more than ever, it is crucial to ensure that essential services remain affordable and accessible to all Floridians.

Thank you for your careful consideration to this matter.

***P.S.

Here are some of my actual billings from 2023 and 2024. I requested and was placed on Budget Billing, here are the text of the amounts due received from duke Energy:

03/09/2023 \$124

07/07/2023 \$166

10/09/2023 \$188

11/07/2023 \$193

01/05/2024 \$214

03/08/2024 \$197

Sincerely,
