Please do not raise the prices!!

I am literally living in a townhome and pay \$217 for my teco bill. Please stop taking advantage of average citizens. Please lower electricity bills, I should not be paying that much for a house townhouse! I barely use electricity as it is! You are going to make ppl homeless, we need help, everyone is broke and the least we need to worry about right now is how to pay for electricity which we NEED to survive in our homes that we can barely afford to live in. Please don't do this and make electricity affordable again.
