Dear PSC,

When considering Duke Energy's latest rate increase request please also require them to increase the Energy Wise Credits. In spite of numerous rate increases over the decades for Duke and its predecessors my Energy Wise credit is stuck at \$6.00. I estimate it has not increased in at least TWENTY YEARS if not longer.

When I contacted the PSC about this issue a year or so ago the first person I heard from worked for Duke Energy! When I finally got through to some PSC staff I never got a satisfactory answer as to why these credits never get adjusted up when Duke's rates go up.

Please fix this glaring inequity this year. Thank you.
