Subject: Increase of TECO costs

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

To whom it may concern,

It is my understanding that TECO is or will be attempting to increase costs for Hillsborough county residents.

Please take into consideration not allowing this increase. Without any other alternative for power, other than solar, this will be an increase that will set precedent for equally substantial increases in the future. Continued increases will force residents into choosing solar as a way to not be beholden to one choice of provider.

Thank you for the consideration.

Justin Grooms

Hillsborough County Resident
