I am petitioning the court to stop the electric rate cuts in Florida.

TECO...YOUR CORPORATE PEOPLE NEED TO TAKE A PRICE CUT.

My dear friend is 82 years old, whose husband passed away almost six years ago is in a terrible situation, with many, many more like her.

She has a mortgage payment, HOA fee, higher property taxes, higher taxes, unable to move because she's underwater with her mortgage, no equity, living on 1 social security check, having to work for a friend and is needing to get a second job at 82 YEARS OLD.

She is unable to move, because she is still owing on the home. She doesn't know how she's going to survive! She keeps the inside of her home at 85 degrees, because she doesn't want to put the air on!!

No more rate hikes. Corporate TECO and it's CEO's need to take a price cut.
