Since the federal government has given a monopoly to the electric company's to electrify the country! We the people have no choice. If they can tell us it's all electric then they can tell the electric companies to control the costs and rates for us, the voters and users. I will be advising my HOA that I will be installing a wind turbine In my backyard! And solar panels! Enough! The costs for average Americans has gotten ridiculous! Stop!

**Follow Up Flag:** Follow up  
**Flag Status:** Completed

The customer gave no indication of what company's rate increase he/she is protesting. I would add to docket 20240000.
