Subject: Proposed increase in TECO bills

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Please DO NOT allow the proposed increase in electric bills to be approved.

I was without power for a week during Hurricane Ian. When the electricity came back on, the surges killed my refrigerator.

I still have thousands of dollars worth of damage to my property that I have been unable to address. Even though I applied for FEMA assistance and was told I was eligible, I received nothing.

Electric bills went up significantly after Hurricane Ian and only recently went back down. On more than one occasion over the last two years, I had to borrow money to pay my Electric bills, which has now left me in serious debt.

I am raising 3 small grandchildren, am disabled, and on a fixed income.

Thank you for your consideration,

Sincerely,

Rebecca High
