Hello,

I moved to Florida over 6 years ago to find a lower cost of living. Since then, I have been shocked by may price increases, especially those tied to our utilities. I find in unconscionable that we have a PUC, yet rates rise at up to 3 times what the inflation rate is? Who allows this? I am nearly 68 years old, had to go back to work again & cannot continue to pay rates that rise unjustifiably rapidly. This specifically applies to TECO, BOCC & our ridiculous garbage collection increases.

I pay property taxes, sales taxes & tolls as well as all fees I am required to pay yet I am a victim of 2 fraud schemes. The Justice dept & FBI almost couldn't care less & I face negative credit hits because these bills. I would appreciate any help, legal to collect my stolen funds, mortgage, or insurance assistance, or even grocery assistance that is available.

**Thank you,**
