Dear PSC Member,

As a concerned TECO customer and a AARP member, I would like for you to consider a few things about this raise. There are thousands of people already struggling to keep our heads above water. We are working longer and harder every day just to pay bills that we already have.

Raising prices on a bill that is already high now, will be detrimental to people all over. Having to decide to put food on their tables for their family or pay their electricity bill should NEVER have to happen.

Being a US ARMY Veteran, I never imagined I would have to make monthly decisions for me and my family.

Please please please think of people who are struggling every single day trying to make ends meet just to keep their lights on.

Thank you for your careful consideration to this matter.

Sincerely,

Nina Scolaro
