Re: Docket No. 20240025 - EI

Dear Mr. Teitzman,

Please find enclosed for filing in the above referenced docket three pages of revised testimony and one revised exhibit of the Direct Testimony and Exhibits of Helmuth W. Schultz, III, filed by OPC on June 11, 2024. None of the revised pages of testimony or the revised exhibit contain information previously redacted as confidential by DEF on June 21, 2024.

To summarize, the revisions to Mr. Schultz's testimony and exhibit include:

- 1) Testimony:
 - a. Page 5, Line 21;
 - b. Page 6, Lines 5-6, and 11; and
 - c. Page 73, Lines 14-15.
- 2) Exhibits
 - a. Various numbers throughout Exhibit HWS-2.

The revisions to the testimony are underlined but not highlighted in order avoid confusion about whether the revisions were confidential. As for the revisions to Exhibit HWS-2, since the revisions impacted (in a small way) several of the values in some schedules, OPC thought it best to provide a complete copy of revised HWS-2, rather than just the individually revised schedules. The revised schedules within HWS-2 are highlighted where any revisions have been made in order to clearly identify which numbers have been revised; however, nothing in either the original or revised HWS-2 was previously redacted as confidential by DEF. The word "Revised" was also added to the top of each revised page of testimony and all of the pages of Exhibit HWS-2 for clarity. If you have any questions or concerns; please do not hesitate to contact me. Thank you for your assistance in this matter.

Sincerely,

Walter Trierweiler Public Counsel

III. ORGANIZATION OF TESTIMONY

23

Q. HOW WILL YOUR TESTIMONY BE ORGANIZED?

4 A. In Section IV, without conceding the appropriateness of the 2026 and 2027 test years for 5 establishing rates, I present the overall financial summary for the base rate change, showing 6 the revenue requirement increase (decrease) for the test years ended December 31, 2025, 7 December 31, 2026, and December 31, 2027, on behalf of OPC and the customers of DEF. 8 In section V, I discuss Citizens' proposed adjustments to rate base. In section VI, I discuss 9 Citizens' adjustments to operating income. In Section VII, I discuss the capital structure. 10 Exhibit HWS-2 presents the schedules and calculations in support of the respective test 11 years ended December 31 revenue requirement. Exhibit HWS-3 is a compilation of 12 discovery responses referenced in my testimony. Exhibit HWS-4 is a 1986 Staff 13 Memorandum that I reference in my testimony.

14

16

15 IV. OVERALL FINANCIAL SUMMARY

17 Q. WHAT IS THE DECEMBER 31, 2025, BASE RATE REVENUE REQUIREMENT 18 DEFICIENCY OR EXCESS FOR DEF?

A. As shown on Exhibit HWS-2, Schedule A, Page 1 of 3, based on the information provided
by DEF as of the date of development of my testimony, the OPC's appropriate adjustments
in this case result in a revenue sufficiency of at least \$26,745 million for DEF for the

to reconcile the notice with the filing and extensive discovery. I will review the Notice of Identified Adjustments, and, if warranted, file supplemental testimony incorporating the impact.

| 1 | December 31, 2025. This eliminates the proposed base rate revenue increase of \$593.446 |
|----|--|
| 2 | million requested by DEF in its filing. Exhibit HWS-2, Schedule A, Page 2 of 3, is shown |
| 3 | on a contingent basis and under protest given the OPC position about the legality of the |
| 4 | second projected test year being entertained by the Commission and reflects the OPC's |
| 5 | appropriate adjustments in this case resulting in a revenue sufficiency of <u>\$13.314</u> million |
| 6 | in 2026, which is \$704.660 million less than the \$691.346 million requested by DEF. |
| 7 | Finally, Exhibit HWS-2, Schedule A, Page 3 of 3, is shown on a contingent basis and under |
| 8 | protest given the OPC position about the legality of the third projected test year being |
| 9 | entertained by the Commission and reflects the OPC's appropriate adjustments in this case |
| 10 | that limit the allowable revenue increase for DEF for the December 31, 2027, test year to |
| 11 | no more than $\$87.472$ million. This is $\$732.473$ million less than the proposed base rate |
| 12 | revenue increase of \$819.945 million requested by DEF in its filing and significantly less |
| 13 | than the \$2.105 billion, three-year cumulative revenue collection proposed by DEF. |

14

Q. DO YOU MAKE ADJUSTMENTS TO THE 2026 AND 2027 PROJECTED TESTS YEAR THAT COULD YIELD A POSITIVE REVENUE REQUIREMENT ABOVE CURRENT REVENUES?

18 A. Yes.

6

| 1 | | reflected in Exhibit HWS – 2, Schedule D has been adjusted for the reconciliation of rate |
|--------|------|--|
| 2 | | base to capital structure factoring in Citizens' recommended adjustments. Below, I reflect |
| 3 | | the proper interest synchronization adjustment necessitated by the reconciliation of |
| 4 | | projected rate base and projected capital structure. |
| 5 | | |
| 6 7 | INTI | EREST SYNCHRONIZATION |
| 8 | Q. | PLEASE EXPLAIN THE INTEREST SYNCHRONIZATION ADJUSTMENT. |
| 9 | А. | Because rate base changes occur, the amount of estimated interest for tax purposes changes. |
| 10 | | That change, along with changes in the interest rate for financing rate base, impacts income |
| 11 | | taxes. As shown on Exhibit HWS - 2, Schedule C-16, my recommended reduction to rate |
| 12 | | base results adjusts OPC witness Daniel Lawton's capital structure increasing the interest |
| 13 | | deduction. Factoring in the Company adjustment for interest synchronization, the result is |
| 14 | | an increase to income tax expense of <u>\$12,787,000</u> in 2025, <u>\$14,801,000</u> in 2026, and |
| 15 | | <u>\$14,991,000</u> in 2027. |
| 16 | | |
| 17 | Q. | Does this conclude your direct testimony? |
| 18 | A. | Yes, it does at this time. Because of the limited time allowed to review a filing that the |
| 19 | | Company has significantly more time to assemble, there may be a need to supplement. |
| 20 | | As noted earlier the Company's filing of a Notice of Identified Adjustments may have an |
| 21 | | effect on my analysis and recommendations. The timing of this notice made it impossible |
| 22 | | to reconcile the notice with the filing and extensive discovery. I will review the Notice of |
| | | |
