Subject: DUKE ENERGY RATE INCREASE REQUEST

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Hi Ellen. Duke is requesting approval for \$820 million dollar increase from the Florida Public Service Commission. Raise rates by 27% over the next three years. That is almost \$17 a month increase per month. This is just crazy. People can't afford all of these increases with power, car insurance, etc. Duke needs to be denied any kind of rate increase. There is no need for this. Just so they can increase their profits? Deny this request. Every single time they ask. And ya'll at PSC need to start doing your jobs and sticking up for the people who obviously DO NOT WANT ANY INCREASES. I requested a rate decrease. Can I get that?
