**Re: Docket No. 20240089-WS - Resolution of the Board of County Commissioners of Columbia County declaring Columbia County subject of the provisions of Section 367, F.S.**

Dear Mr. Smallridge:

The Board of County Commissioners of Columbia County (County) adopted Resolution No. 2024R-13 on May 16, 2024. The resolution transferred jurisdiction over privately-owned water and wastewater utilities in Columbia County to the Florida Public Service Commission (FPSC or Commission), effective the date the County voted on the resolution. A copy of the Commission's order acknowledging the transfer of jurisdiction is attached.

The FPSC is a state agency which provides economic regulation over utility rates and charges pursuant to Chapter 367, Florida Statute (F.S.). Our jurisdiction is separate and distinct from the jurisdiction of the Florida Department of Environmental Protection and your local water management district. Please be aware that you may not change any rate or charge, extend or delete any territory, acquire another utility, transfer your utility or majority control of your utility, or change the name of your utility without prior Commission approval.

Pursuant to Section 367.171(2), F. S., you are entitled to receive a grandfather certificate for the area you are currently serving if you file an application by Wednesday, August 14, 2024. Pursuant to Rule 25-30.035, Florida Administrative Code (F.A.C.), the application must include, among other things, a map and legal description of the existing service area and tariffs listing all existing rates and charges. In addition, the application must be accompanied by a filing fee, as provided by Rule 25-30.020(2)(d), F.A.C. The Commission's Rules can be found on the Department of State's website at:

<https://www.flrules.org/gateway/ChapterHome.asp?Chapter=25-30>

Mr. Michael Smallridge

July 11, 2024

If a utility fails to register with the FPSC within the prescribed time, the FPSC requires that utility to apply for an original certificate of authorization in accordance with Chapter 367, F.S., which is a more rigorous and expensive application. Therefore it is important for you to take advantage of your right to file a grandfather certificate application on or before Wednesday, August 14, 2024. An application form and model tariff may be downloaded from the Commission's website at:

<https://www.floridapsc.com/application-tariff-forms>

The application and filing fee should be mailed to:

Office of Commission Clerk  
Florida Public Service Commission  
2540 Shumard Oak Blvd.  
Tallahassee, FL 32399-0850

In addition, regardless of whether you have filed an application or whether or not the application has been approved, your utility has been subject to FPSC regulation since May 16, 2024. Therefore, you will be required to file an annual report for 2024 pursuant to Rule 25- 30.110, F.A.C., and remit 4.5% of your gross utility revenues to the Commission as regulatory assessment fees (RAFs), effective the date a certificate is issued pursuant to Rule 25-30.120, F.A.C. If you are not collecting RAFs for payment to the County, or if you are collecting less than 4.5% of your gross revenues, you are entitled to file for a pass through of RAFs. If you have any questions or need any assistance completing the application, please contact Mrs. Melinda Watts at (850) 413-6952 or [mwatts@psc.state.fl.us](mailto:mwatts@psc.state.fl.us). If you have any questions about annual reports or RAFs, please contact Amber Norris at (850) 413-6984 or [amnorris@psc.state.fl.us](mailto:amnorris@psc.state.fl.us).

Sincerely,

ORDER ACKNOWLEDGING RESOLUTION

BY THE COMMISSION:

Background

On May 16, 2024, the Board of County Commissioners of Columbia County (County) adopted Resolution No. 2024R-13 (Resolution, Attachment A), transferring regulation of the privately-owned, for profit water and wastewater utilities in the County to the Florida Public Service Commission. Effective upon the adoption of the resolution, all non-exempt water and wastewater systems in the County became subject to the provisions of Chapter 367, Florida Statutes (F.S.). Therefore, the effective date of the transfer of jurisdiction is May 16, 2024. This order acknowledges that Resolution. We have jurisdiction pursuant to Section 367.171, F.S.

Decision

On May 16, 2024, the Board of County Commissioners of Columbia County passed and adopted Resolution No. 2024R-13, which transfers jurisdiction over the County's privately-owned water and wastewater utilities to us. The Resolution contained a list of the privately-owned water and wastewater utilities which were regulated by Columbia County on May 16, 2024. In addition, our staff has contacted the County requesting information on each utility's current rates, charges, and territory served. Since they are now subject to Chapter 367, F.S., each utility must continue to collect the rates and charges for water and wastewater service which were being collected on May 16, 2024, until changed by us.

Our staff has contacted the Florida Department of Environment Protection (DEP) to advise it of the Resolution and to obtain a list of all privately-owned water and wastewater facilities in Columbia County which DEP monitors for environmental compliance. The utilities

identified by the County and DEP will receive a letter from our staff advising them of the transfer of jurisdiction and providing them with information to determine whether or not they are exempt from our regulation pursuant to Section 367.022, F.S.

Entities which are not exempt from our regulation will receive instructions for filing an application for grandfather certificates. The resulting applications will be processed in individual dockets. These applicants will also be advised of their responsibility to file an annual report for 2024, pursuant to Rule 25-30.110, Florida Administrative Code, as well as their responsibility to remit Annual Regulatory Assessment Fees (RAFs). The applicants will also be advised of their right to file for a pass-through of RAFs should they not be currently collecting RAFs, or if they are collecting a lesser amount than they would be paying to us.

We acknowledge Resolution No. 2024R-13 by the County Commissioners of Columbia County, effective May 16, 2024. All non-exempt, privately-owned water and wastewater utilities in Columbia County shall be directed to comply with the provisions of Chapter 367, F.S.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that we acknowledge Resolution No. 2024R-13 by the County Commissioners of Columbia County, effective May 16, 2024. All non-exempt, privately-owned water and wastewater utilities in Columbia County shall be directed to comply with the provisions of Chapter 367, F.S. It is further

ORDERED that this docket shall remain open to process letters to water and wastewater operators and their subsequent responses. Upon our staff's verification that the final response from a water or wastewater system operator affirming exemption status has been received, and that no further action is necessary, this docket shall be closed administratively.

By ORDER of the Florida Public Service Commission this 1st day of July, 2024.

**MEMORANDUM**

To: Board Agenda, May 16, 2024  
From: Joel F. Foreman  
Re: Transfer of jurisdiction for the regulation of Private Water and Wastewater Utilities to the Florida Public Service Commission  
Date: May 10, 2024

---

In recent months the Board has received numerous complaints relating to water utility rates and collections practices, and staff has recommended returning regulation of these utilities to the Florida Public Service Commission ("PSC") which is better equipped to police and enforce these issues.

The County Manager has been contacted by Bart Fletcher with the Office of Public Counsel. Mr. Fletcher was contacted by a constituent who is having issues with their private utility provider, and through his investigation Mr. Fletcher has inquired about the county's regulation of that utility. Mr. Fletcher has pointed out that utilities regulated by the PSC can be easily reviewed because of the information the PSC requires these utilities to produce and the PSC's publication of that information to its website. The County does not provide this level of transparency. Because of that Mr. Fletcher has been required to make records requests directly to the County Manager's office, often with mixed results.

Florida Statutes section 367.171 provides that any county may transfer regulatory jurisdiction over private utilities to the PSC by the adoption of a simple resolution indicating the county commission's desire to transfer. Once a transfer is completed through this process, it cannot be rescinded for ten years.

Given recent challenges with private utility regulation, it is recommended that the Board adopt the attached resolution, which was modelled after one adopted by Charlotte County in February of 2023. If adopted, staff will coordinate with PSC for the timely handoff of jurisdiction. Each private utility will be required to register with PSC within thirty days, and the County will have no further regulatory authority.

Recommended motion: To adopt Resolution 2024R-13
