BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition by Duke Energy Florida, LLC
for rate increase

DOCKET NO. 20240025-EI

Dated: May 21, 2024

**AFFIDAVIT OF JEFFREY T. KOPP IN SUPPORT OF
DUKE ENERGY FLORIDA, LLC'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION**

STATE OF MISSOURI

COUNTY OF JACKSON

BEFORE ME, the undersigned authority duly authorized to administer oaths, personally appeared Jeffrey T. Kopp, who being first duly sworn, on oath deposes and says that:

1. My name is Jeffrey T. Kopp. I am over the age of 18 years old, and I have been authorized by Duke Energy Florida (hereinafter "DEF" or the "Company") to give this affidavit in the above-styled proceeding on DEF's behalf and in support of DEF's Request for Confidential Classification (the "Request"). The facts attested to in my affidavit are based upon my personal knowledge.

2. I am employed by 1898 & Co., part of Burns & McDonnell Engineering Company, Inc., as the Senior Managing Director of the Energy & Utilities Consulting Department. I oversee more than 250 engineers and consultants who provide consulting services to clients primarily in the electric power generation and electric power transmission industries, but also to other industrial

and commercial clients. The services provided by this group of engineers and consultants include decommissioning cost studies, independent engineering assessments of existing power generation assets, economic evaluations of capital expenditures, new power generation development and evaluation, electric and water rate analysis, electric transmission planning, generation resource planning, renewable power development, and other related engineering and economic assessments.

3. DEF is seeking confidential classification for information contained in response to the Office of the Public Counsel's ("OPC") Fifth Request for Production of Documents, Question 47. A detailed description of the confidential information at issue is contained in confidential Exhibit A to DEF's Request and is outlined in DEF's Justification Matrix that is attached to DEF's Request as Exhibit C. DEF is requesting confidential classification of this confidential information for the reasons set forth below.

4. Documents produced in response to OPC's Fifth Request for Production of Documents, Question 47, contain confidential information. Specifically, the documents reflect a full working model used to produce a dismantlement study. The model is proprietary and public disclosure would permit competitors to copy the model. Thus, disclosure would impair competition in the marketplace.

5. Upon receipt of confidential information, strict procedures are established and followed to maintain the confidentiality of the terms of the documents and information provided, including restricting access to those persons who need the information to assist DEF. At no time since receiving the information in question has DEF publicly disclosed that information. DEF has treated and continues to treat the information at issue as confidential.

6. This concludes my affidavit.

Further affiant sayeth not.

Dated the 20th day of May, 2024.
