Re: Docket No. 20240095-WS – Resolution of the Board of County Commissioners of Citrus County declaring Citrus County subject of the provisions of Section 367, F.S.

Dear Mr. Hash:

The Board of County Commissioners of Citrus County (County) adopted Resolution No. 2024-040 on May 28, 2024. The resolution transferred jurisdiction over privately-owned water and wastewater utilities in Citrus County to the Florida Public Service Commission (FPSC or Commission), effective the date the County voted on the resolution. A copy of the Commission's Order acknowledging the transfer of jurisdiction is attached.

The FPSC is a state agency which provides economic regulation over utility rates and charges pursuant to Chapter 367, Florida Statute (F.S.). Our jurisdiction is separate and distinct from the jurisdiction of the Florida Department of Environmental Protection and your local water management district. Please be aware that you may not change any rate or charge, extend or delete any territory, acquire another utility, transfer your utility or majority control of your utility, or change the name of your utility without prior Commission approval.

Pursuant to Section 367.171(2), F. S., you are entitled to receive a grandfather certificate for the area you are currently serving if you file an application by Monday, August 26, 2024. Pursuant to Rule 25-30.035, Florida Administrative Code (F.A.C.), the application must include, among other things, a map and legal description of the existing service area and tariffs listing all existing rates and charges. In addition, the application must be accompanied by a filing fee, as provided by Rule 25-30.020(2)(d), F.A.C. The Commission's Rules can be found on the Department of State's website at:

<https://www.flrules.org/gateway/ChapterHome.asp?Chapter=25-30>

If a utility fails to register with the FPSC within the prescribed time, the FPSC requires that utility to apply for an original certificate of authorization in accordance with Chapter 367, F.S., which is a more rigorous and expensive application. Therefore it is important for you to take

advantage of your right to file a grandfather certificate application on or before August 26, 2024. An application form and model tariff, in PDF format, may be downloaded from the Commission's website at:

<https://www.floridapsc.com/application-tariff-forms>

A separate application and filing fee for each of the utilities listed below should be mailed to:

- 3) Haggerty Point Water System
- 4) La Prima Water System
- 5) Lucky Hills Water System
- 6) Meadow Wood Water System
- 7) Pinewood Water System
- 8) Springhorn Water System

In addition, regardless of whether you have filed an application or whether or not the application has been approved, your utility has been subject to FPSC regulation since May 28, 2024. Therefore, you will be required to file an annual report for 2024 pursuant to Rule 25- 30.110, F.A.C., and remit 4.5% of your gross utility revenues to the Commission as regulatory assessment fees (RAFs) effective the date a certificate is issued pursuant to Rule 25-30.120, F.A.C. If you are not collecting RAFs for payment to the County, or if you are collecting less than 4.5% of your gross revenues, you are entitled to file for a pass through of RAFs. If you have any questions or need any assistance completing the application, please contact Ms. Ailynee Ramirez-Abundez at (850) 413-6974 or aramirez@psc.state.fl.us. If you have any questions about annual reports or RAFs, please contact Amber Norris at (850) 413-6984 or amnorris@psc.state.fl.us.

ORDER ACKNOWLEDGING RESOLUTION DECLARING CITRUS COUNTY
SUBJECT TO THE PROVISIONS OF CHAPTER 367, FLORIDA STATUTES

BY THE COMMISSION:

Background

On May 28, 2024, the Board of County Commissioners of Citrus County (County) adopted Resolution No. 2024-040 (Resolution, Attachment A), transferring regulation of the privately-owned, for profit water and wastewater utilities in the County to the Florida Public Service Commission. Effective upon the adoption of the resolution, all non-exempt water and wastewater systems in the County became subject to the provisions of Chapter 367, Florida Statutes (F.S.). Therefore, the effective date of the transfer of jurisdiction is May 28, 2024. This order acknowledges that Resolution. We have jurisdiction pursuant to Section 367.171, F.S.

Decision

On May 28, 2024, the Board of County Commissioners of Citrus County passed and adopted Resolution No. 2024-040, which transfers jurisdiction over the County's privately-owned water and wastewater utilities to us. In addition, our staff has contacted the County requesting information on each utility's current rates, charges, and territory served. As part of its response, the County provided a list of its 13 privately-owned water and wastewater utilities, which is appended to this order as Attachment B. Since they are now subject to Chapter 367, F.S., each utility must continue to collect the rates and charges for water and wastewater service which were being collected on May 28, 2024, until changed by us.

Our staff has contacted the Florida Department of Environment Protection (DEP) to advise it of the Resolution and to obtain a list of all privately-owned water and wastewater facilities in Citrus County which DEP monitors for environmental compliance. The utilities

identified by the County and DEP will receive a letter from our staff advising them of the transfer of jurisdiction and providing them with information to determine whether or not they are exempt from our regulation, pursuant to Section 367.022, F.S.

Entities which are not exempt from our regulation will receive instruction for filing an application for grandfather certificates. The resulting applications will be processed in individual dockets. These applicants will also be advised of their responsibility to file an annual report for 2024, pursuant to Rule 25-30.110, Florida Administrative Code, as well as their responsibility to remit Annual Regulatory Assessment Fees (RAFs). The applicants will also be advised of their right to file for a pass-through of RAFs should they not be currently collecting RAFs, or if they are collecting a lesser amount than they would be paying to the Commission.

We acknowledge Resolution No. 2024-040 by the Board of County Commissioners of Citrus County, effective May 28, 2024. All non-exempt, privately-owned water and wastewater utilities in Citrus County shall be directed to comply with the provisions of Chapter 367, F.S.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that we acknowledge Resolution No. 2024-040 by the Board of County Commissioners of Citrus County, effective May 28, 2024. All non-exempt, privately-owned water and wastewater utilities in Citrus County shall be directed to comply with the provisions of Chapter 367, F.S. It is further

ORDERED that this docket shall remain open to process letters to water and wastewater operators and their subsequent responses. Upon our staff's verification that the final response from a water or wastewater system operator affirming exemption status has been received, and that no further action is necessary, this docket shall be closed administratively.
