Good morning Mr. Eaton and honorable commissioners ,

I own a home at 9768 Little Gasparilla Island. Property ID 422022454003 at the property appraiser's office. I am against docket item #20240032.

Re: It is not needed. Beyond the fact that it is not needed, the estimated costs your being offered are significantly understated, potentially burdening homeowners with unforeseen expenses possibly as high as \$30,000 to \$40,000 per homeowner. Charlotte County Ordinance 3-8-41 indicates that my wife and I will be forced to pay these costs whether I agree with this action or not. If this happens many on the island will be forced to liquidate their homes which many on the island also believe is the motivation for this entire fiasco.

Having served in the media industry for nearly four decades commissioners, I wouldn't touch that one with a ten foot pole.

Lastly, private utilities lack access to environmental grants, which could alleviate financial strains for homeowners further. Furthermore, the proposed sewer system's environmental impact remains uncertain, lacking studies specific to LGI's unique ecosystem.

I am against docket item #20240032.

Choose wisely and please confirm receiving this letter.

Best regards,
R. Nelson Kirkland
