CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Honorable Commissioners, I urge you to deny the proposed rate increase requested by Sunshine Water Services Company Re:Docket No, 20240068-WS. We live in Seminole county and have seen our utility bill, for water service only with no additional consumption, double in cost in the past few years since Sunshine Water Services Company bought our previous utility company. The requested increase for residential water service will increase the cost of water by approximately 23%, this is an outrageous increase, far above the Consumer Price Index or the current rate of inflation.

Thank You, Gary Dotten
