COMPLAINT INFORMATION

Complaint: Other Complaints against Charlie Creek Utilities, LLC
Details:

On or about August 15th 2024 Charlie Creek Utilities installed a water meter at the NE corner of this address. In doing so they dug up an official property corner marker (Iron Rod with Yellow Plastic Imprinted Cap) that was clearly flagged. The

other three corners are still in place. I have called repeatedly and asked them to have this replaced by a licensed surveyor. I emailed them on September 19th formally asking again. On October 3, 2024 Charlie Creek's office called and informed they would not be replacing this marker because it was in their easement.

My understanding is by law the offending party shall replace any property markers or monuments damaged by their actions. This must be done by a licensed professional as this is a recorded marker and essential for all property transactions. I don't feel I should be at a loss due to the actions of this company especially since the marker was clearly flagged. I have photos to prove this.
