DOCKET NO. 20240001-EI
ORDER NO. PSC-2024-0449-CFO-EI
ISSUED: October 15, 2024

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S
SECOND REQUEST FOR EXTENSION OF CONFIDENTIAL
CLASSIFICATION (DOCUMENT NOS. 09006-2024, X-REF. 04254-2019
AND 02318-2021)

On September 13, 2024, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed its Second Request for Extension of Confidential Classification (Request) of certain information provided pursuant to Audit No. 2019-017-4-1 (Document Nos. 09006-2024, x-ref. 04254-2019 and 02318-2021). This information was originally granted confidential classification by Order No. PSC-2019-0342-CFO-EI, issued August 21, 2019. Confidential classification for this material was extended by Order No. PSC-2021-0341-CFO-EI, issued September 14, 2021.

Request for Confidential Classification

FPL contends that the information provided pursuant to Audit No. 2019-017-4-1 contains information of a confidential nature, which is proprietary confidential business information within the meaning of Section 366.093(3), F.S. This information is intended to be and is treated by FPL as private, and its confidentiality has been maintained. This information includes details about FPL's internal auditing controls, reports or notes of internal auditors, and information relating to internal auditing reports issued in 2018. Release of this information would be harmful to FPL and its customers because it may impact the effectiveness of the Internal Auditing department itself. The confidential information also includes data such as pricing and other terms, payment records, and vendor and supplier rates related to the purchase or sale of energy and capacity, natural gas, and natural gas storage. Disclosure of this type of information would impair the efforts of FPL to contract for energy and capacity-related goods or services on favorable terms for the benefit of its customers and would impair the competitive interests of FPL and its vendors. Therefore, FPL contends that this information is protected by Section 366.093(3)(b), (d), and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (b) Internal auditing controls and reports of internal auditors.
- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or service on favorable terms.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears that nothing has changed since the issuance of Order PSC-2021-0341-CFO-EI and that the information and data provided in this request continues to satisfy the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information and data provided in this request appears to contain “internal auditing controls and reports of internal auditors, information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or service on favorable terms, and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Thus, the information identified in Document Nos. 09006-2024, x-ref. 04254-2019 and 02318-2021, shall be granted extended confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order unless good cause is shown that protection from disclosure shall be for a specified longer period. FPL has requested that this information be protected for a period of 36 months for administrative efficiency. FPL notes that audit reports are maintained by the Commission for a period of seven years and that the nature of the materials in this request will not change in the next three years. Given these factors, this material shall be granted confidentiality for a period of 36 months from the date of this Order.

At the conclusion of the 36 month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Gabriella Passidomo, as Prehearing Officer, that Florida Power & Light Company’s Second Request for Extension of Confidential Classification for portions of Audit No. 2019-017-4-1 (Document Nos. 09006-2024, x-ref. 04254-2019 and 02318-2021), is granted. It is further

ORDERED that the information in Document Nos. 09006-2024, x-ref. 04254-2019 and 02318-2021, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 36 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Gabriella Passidomo, as Prehearing Officer, this 15th day of October, 2024.
