Subject: TECO's request for rate increase

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Please, deny TECO's request for a rate increase. TECO was negligent in their duty to maintain trees in electric lines and replace rotten electric poles. Many trees went down, taking electric lines with them and damaging many properties in Tampa and now they want an increase in rates, this will place an already burden household, struggling with rising cost and damages from damages from two hurricanes. I ask that you deny TECO's request for rates. This is not an appropriate time nor are they deserving. Thank you, PamCannella, 813-293-3579.
