Hi

My name is Dena Craig. I own a home at 261 Bocilla Dr on Don Pedro Island.

I am writing to you because I am not available to attend the hearings but would like my voice heard.

Our little island is so quiet and natural Florida. That's what is so unique about it. We only have a few asphalt roads, No large condos. We have no drainage problems. We did not ask for this. This is the second time they have filed for a sewer. How can they keep doing this? If it is voted down they should not be able to keep coming back.

Another problem we will be forced to connect to the sewer and pay the fees. I recently lost my husband and am working hard to be able to keep my home. If the sewer is approved I would not have the money to pay them./ What would happen? Would I lose my home?

If you let sewer (which is not wanted) It will change our whole island. We have been coming to the island and purchased our home because of its quantness. I am very worried our little piece of paradise will be ruined.

I just cannot believe a company could just keep coming in to try to force us to get sewers. It would be different if we approached them.

Please Pl

Sincerely Dena Craig
