County commissioners,

Thank you for taking the time to read my email. I live at 17 Palm Dr. I am opposed to EU putting a sewer system on our island. Given the small amount of full time residents, I don't feel it is necessary. If the county determined that we must have a sewer system, then I would hope that it would be under county supervision and not a private company. Otherwise there would be no accountability or oversight.

I have only been on the island for a few years. Many residents on island know the gentleman that would be responsible for the sewer system. He has a horrible reputation for being dishonest and incompetent. I have little faith in him to get the "job" done in an efficient, effective and timely manner.

Have a nice day
