Dear Clerk,

We would like to go on record as being opposed to this proposed sewer project for the following reasons:

- No proven need
- If a need is proven it should be done under the aegis of the county
- Should have competitive proposals
- Should be a state of the art system, not an outdated model that nobody uses anymore that won't hold up in a storm
- Needs a payment plan and a competitive rate structure
- We've been through enough with all the storm damage recently to have to deal with an underfunded contractor tearing up the landscape for who knows how long
- Overwhelming disapproval from the citizens

Respectfully
