Please correct the record on my testimony for January 29th. John and Gail McNair are opposed to wastewater certificate on Little Gasparilla Island. Attached is their statement.

Thank you for your prompt attention to this matter .

Sincerely,

We are homeowners on LGI, having built our home in 2009. . Our names were mentioned as being in support of the Jack Boyer initiative for sewage conversion on our island. Ms. Karyn Fleteau testified to the commission that we had signed a proxy and we're totally in favor of this endeavor. We are not; we never signed such a proxy and when we Directed our concerns to Ms Fleteau, she confirmed from Jack Boyer's wife that we had never signed and sent back the form. We are not at this time in favor of proceeding with Jack Boyer to do the project. I'm willing to listen to more, but at this time I'm not in favor of proceeding with his company to do this. Please let all your members and board members know that this was a mistake and John and Gail McNair are not, as erroneously indicated by Ms Fleteau's testimony, in favor of this.

Respectfully,
