BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition for rate increase by Florida Public Utilities Company. | DOCKET NO. 20240099-EI

FPUC'S SUPPLEMENTAL RESPONSE TO STAFF'S ADDITIONAL DATA REQUESTS,
No. 1

In response to Staff's Follow Up Data Requests, DR #7, the Company explained the distinction between the "self-healing" project in the rate case and the "Distribution and Connectivity Automation" program in the updated SPP filed by FPUC in Docket No. 20250017-EI. Please respond to the following follow up:

1. To confirm, is the self-healing project included in the rate case essentially the SCADA system upgrades, and the SPP program entails installation of the actual equipment to self-heal?

Company Response: Yes, generally speaking, but to be clear, FPUC does not currently have a SCADA system installed, and SCADA is not included in either the rate case or the SPP. What is included in the rate case are the devices that will be placed out on the distribution system. These devices have the ability communicate with each other, as well as an eventual SCADA system, to sense where the faulted section of line is located.

CERTIFICATE OF SERVICE

I HEREBY CERTIFY that a true and correct copy of the foregoing has been furnished by Electronic Mail to the following parties of record this 3rd day of February, 2025:
