CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Commissioners,

Duke Energy has asked the Trump EPA to roll back both greenhouse gas emission requirements and coal ash pollution requirements. Our air pollution has improved since the 1963 Clean Air Act EXCEPT when Trump is President. Duke should expand their use of clean energy instead of trying to weasel out of their responsibilities. Please maintain your pressure on Duke Energy to reduce their pollution.

Thank you,

Donald Hudson
