Yeah, the citizens of Florida are just SHOCKED that the Florida Public Service (?) Commission a large rate hike for Duke Energy and Florida Electric. HAVE THEY EVER REFUSED A RATE HIKE? Screw the people who are suffering because their Flood and Home insurance companies don't want to cover most damage. Screw the people who have not been able to live in their homes for the last 4 months, paying mortgages AND rent. Oh, and have to replace EVERYTHING, literally, in their homes. No, we don't mind paying the power companies over \$100 more per year when they are making record profits. We love getting screwed once again by the state. Thank you Republicans!
