Good Evening,

How do I go about starting a petition or an open conversation about bringing in more power companies into the DeBary area. Right now Duke is our supplier and we are being strangled by there price increases and charges we even have solar panels and they still want their pound of flesh. In any event I thought having only one company allowed was sort of a monopoly and kind of illegal. Any assistance would be greatly appreciated or if you could point me to the correct person to talk to.

Thanks,
Joe Howe
