SECTION 63.71 APPLICATION OF AT&T

AT&T¹ applies for authority under Section 214(a) of the Communications Act, as amended, 47 U.S.C. § 214, and Section 63.71 of the Federal Communications Commission's ("Commission") rules, 47 C.F.R. § 63.71, to grandfather certain legacy voice services in certain wire centers located in 18 states.

¹ AT&T Services, Inc. files this application on behalf of its affiliates set out in the caption.

INTRODUCTION

Through this application, AT&T seeks to grandfather certain legacy voice services — AT&T Residential Local Service and AT&T Business Local Exchange Access Line Service (the “Affected Services”), often referred to as “POTS” — in portions of certain wire centers located in 18 states (the “Affected Service Area”). On February 6, 2024, AT&T received streamlined approval to grandfather these same services in other wire centers located in 13 of the 18 states at issue here.² On December 21, 2024, AT&T received streamlined approval to grandfather and subsequently discontinue AT&T Residential Local Service in certain wire centers in Oklahoma.³ As with AT&T’s earlier applications, grandfathering these outdated services will benefit the public and serve as an important step toward meeting both AT&T’s and the Commission’s goals of advancing toward next-generation technologies that customers crave. Once the services are grandfathered, all current customers that have not already abandoned the Affected Services will be able to keep their current service.

² See Section 63.71 Application of AT&T, WC Docket No. 23-400 (filed Nov. 16, 2023), <https://www.fcc.gov/ecfs/document/111629416284/1> (“2023 Grandfathering Application”); Public Notice, Comments Invited on Section 214 Application to Grandfather Domestic Legacy Voice Services, WC Docket No. 23-400 (Jan. 12, 2024), <https://docs.fcc.gov/public/attachments/DA-24-43A1.pdf>; see also Errata to Section 63.71 Application of AT&T, WC Docket No. 23-400 (Dec. 14, 2023), <https://www.fcc.gov/ecfs/document/1214150057083/1>; Public Notice, WC Docket Nos. 24-225, 24-226, 24-228, 24-229 (Aug. 1, 2024), <https://docs.fcc.gov/public/attachments/DA-24-747A1.pdf> (granting AT&T streamlined approval to grandfather the Affected Services for additional customers).

³ See Section 63.71 Application of AT&T Services, Inc., WC Docket No. 24-220 (Nov. 1, 2024), <https://www.fcc.gov/ecfs/document/1101313418255/1> (“2024 Discontinuance Application”); Public Notice, Comments Invited on AT&T’s Section 214 Application to Grandfather and Discontinue Legacy Voice Service as Part of a Technology Transition, WC Docket No. 24-220 (Nov. 20, 2024), <https://docs.fcc.gov/public/attachments/DA-24-1158A1.pdf> (finding the 2024 Discontinuance Application “acceptable for filing” and eligible to be “deemed granted automatically on December 21, 2024”) (“2024 Discontinuance Public Notice”).

The benefits of facilitating this transition in these specific wire centers are particularly pronounced given the extreme lack of demand for the Affected Services in the Affected Service Area. In fact, fewer than 3% of Living Units in the Affected Service Area subscribe to either Affected Service.⁴ In the last year, fewer than 0.05% of prospective customers in Living Units in the Affected Service Area placed new orders for AT&T Residential Local Service, and between January 2024 and November 2024, fewer than 0.03% of prospective customers in Living Units in the Affected Service Area placed new orders for AT&T Business Local Exchange Access Line Service. In the same approximate time frame, cancellations of subscriptions to AT&T Residential Local Service in the Affected Service Area exceeded new orders of the service by roughly 2,400%, and cancellations of subscriptions to AT&T Business Local Exchange Access Line Service in the Affected Service Area exceeded new orders of the service by approximately 1,300%. Since 2023, the number of subscribers to AT&T Residential Local Service and AT&T Business Local Exchange Access Line Service in the Affected Service Area has declined by 28% and 26%, respectively.

While grandfathered customers have the option of retaining the Affected Services, individuals and businesses in the Affected Service Area have many cost-effective alternatives to choose from as alternatives for the Affected Services. These options include AT&T's next-generation solutions — AT&T Phone – Advanced (“AP-A”) and AT&T Phone for Business – Advanced (“APB-A”) — that AT&T specifically designed as reliable and cost-effective alternatives to the legacy TDM-based voice services at issue in this application. These services are broadly available throughout the Affected Service Area, and AT&T already received

⁴ Living Units include both residential households and businesses. They are calculated using AT&T's internal databases.

streamlined approval to discontinue AT&T Residential Local Service in other wire centers based on the availability of AP-A in those wire centers.⁵ In addition to AP-A and APB-A, there are many competitive voice offerings in the Affected Service Area offered over cable, fiber, fixed wireless, mobile wireless, and satellite technologies, which most customers have already selected in lieu of the Affected Services.

APPLICATION

As required by Section 63.71 of the Commission's rules, AT&T provides the following information:

⁵ AT&T's 2024 Discontinuance Application detailed how AP-A's features and performance testing results surpass the criteria of the Adequate Replacement Test outlined in the Commission's 2016 Technology Transitions Order. *See* 2024 Discontinuance Application at 19-32; *see also* Network Performance Test Plan of AT&T, WC Docket No. 24-220, at 5-8 (July 19, 2024), <https://www.fcc.gov/ecfs/document/1071999337614/1> ("AP-A Test Plan") (describing the AP-A service and network architecture). Commenters from applauded AT&T's development of AP-A. *See, e.g.*, Comments by NENA: The 9-1-1 Association, WC Docket No. 24-220, at 1 (Dec. 4, 2024), <https://www.fcc.gov/ecfs/document/120431214870/1> (praising AT&T's application as a "critical step allowing AT&T to move away from outdated technology towards a modernized network infrastructure" and noting that "AT&T's proposal for Oklahoma is clearly an upgrade that has benefits to 9-1-1 callers").

On January 17, 2025, AT&T filed a test plan for APB-A that substantially mirrors the AP-A test plan and details the APB-A service and network architecture, in advance of a future discontinuance application concerning AT&T Business Local Exchange Access Line Service in other wire centers. *See* Network Performance Test Plan of AT&T, WC Docket No. 25-25 (Jan. 17, 2025), <https://www.fcc.gov/ecfs/document/101170297903093/1> ("APB-A Test Plan"). Although AT&T has already demonstrated that AP-A satisfies all three prongs of the Adequate Replacement Test, and intends to demonstrate that APB-A meets all three prongs in connection with future discontinuance applications, AT&T seeks today only to grandfather legacy TDM-based voice services in the Affected Service Area, and the Adequate Replacement Test is *not* implicated by this application. As with the 2023 Grandfathering Application, this application satisfies the appropriate test to grandfather these services, because the public convenience and necessity will not be adversely affected by the grandfathering of the Affected Service.

Date of Planned Service Grandfathering:

Effective on or after **March 17, 2025**, pending regulatory approval,⁶ AT&T's Affected Services will be grandfathered and will no longer be available for purchase by new customers. All current customers will be able to keep their current service after that date.

Points of Geographic Areas of Service Affected:

AT&T plans to grandfather the Affected Services in the Affected Service Area in sections of 18 states: Alabama, Arkansas, Florida, Georgia, Illinois, Indiana, Kentucky,

⁶ To the extent that additional state requirements apply to grandfathering the Affected Services, AT&T will of course satisfy those requirements prior to effectuating the grandfathering.

Louisiana, Michigan, Missouri, Mississippi, North Carolina, Ohio, Oklahoma, South Carolina, Tennessee, Texas, and Wisconsin. Exhibit 1 identifies the list of AT&T wire centers in each state that include any service areas that fall within the Affected Service Area.

Brief Description of Type of Service Affected:

AT&T plans to grandfather AT&T Residential Local Service and AT&T Business Local Exchange Access Line Service in the Affected Service Area.

AT&T Residential Local Service is a TDM-based exchange access line service comprised of the serving central office line equipment and all outside plant facilities needed to connect the serving central office with the network interface at the demarcation point of the customer premises. The service includes optional custom calling features and the End User Common Line service, which allows the line to facilitate local exchange, intrastate interexchange, and interstate voice calling.

AT&T Business Local Exchange Access Line Service provides individual business customers with telecommunications service within a specified geographical area for local calling and access to and from the telecommunications network for Long Distance Message Telecommunications Service. This grandfathering application concerns both AT&T Business Local Exchange Access Line Service sold to end-user business customers as well as certain lines purchased by carrier-customers for resale.

Brief Description of the Dates and Method of Notice to All Affected Customers:

Customer notices were sent via U.S. Mail on January 15, 2025 for customers of the Affected Services.⁷ Copies of this Application are being sent via first class U.S. Mail to the

⁷ Example notices are attached at Exhibits 2-4. Exhibit 2 is a representative example of the notice sent to subscribers of AT&T Residential Local Service in the Affected Service Area. Exhibit 3 is a representative example of a notice that was sent to subscribers of AT&T Business Local Exchange Access Line Service in the Affected Service Area. Exhibit 4 is a representative

governor, public utility commission, federally recognized tribes (if any) in the Affected Service Area, and to the Special Assistant for Telecommunications to the Secretary of Defense, as required by 63.71(a) of the Commission's rules.⁸

Regulatory Classification of Carrier:

AT&T offers the Affected Services pursuant to non-dominant carrier regulation.

Questions about this application may be addressed to Meredith Williams, AT&T Services, Inc., AVP – Federal Relations, 601 New Jersey Ave NW, Suite 400, Washington, D.C., (202) 227-9725.

Public Convenience and Necessity:

The public convenience and necessity will not be impaired by the grandfathering of these services. The demand for the Affected Services is very low. The very small base of existing voice customers has been steadily declining, and new customer orders for the Affected Services in the Affected Service Area have nearly disappeared. As noted above, fewer than 3% of Living Units in the Affected Service Area subscribe to either Affected Service. In more than 95% of the wire centers affected by this application, AT&T received *six or fewer* new orders for AT&T Residential Local Service in the last year, and in more than 95% of the wire centers affected by this application, AT&T received *four or fewer* new orders for AT&T Business Local Exchange Access Line Service between January 2024 and November 2024. In the last year, AT&T received *zero* new orders for AT&T Residential Local Service in over 40% of the

example of the notice sent to customer-carriers that resell the Affected Services in the Affected Service Area.

⁸ Section 63.71(a) directs applicants to submit a copy of the application to the Secretary of Defense, Special Assistant for Telecommunications. However, due to restructuring within the Department of Defense, that position no longer exists. Commission staff has advised that a copy of the application be sent instead to the Department of Defense Chief Information Officer.

wire centers affected by this application, and between January 2024 and November 2024, AT&T received *zero* new orders for AT&T Business Local Exchange Access Line Service in over 70% of the wire centers affected by this application. As a result, it is economically inefficient for AT&T to continue to make the Affected Services available for new customers. Once these services are grandfathered, all current customers will be able to keep their current services, but prospective customers will no longer be able to purchase them.

The collapse of demand for the Affected Services in these wire centers is consistent with the widespread shift away from legacy voice services in favor of next-generation alternatives. Across AT&T's entire footprint, new orders for AT&T Residential Local Service have plummeted by 96% since 2014. As the Commission has explained, “[i]n the voice marketplace, incumbent LECs face competition from facilities-based providers, including cable companies offering VoIP and fixed wireless providers, as well as from mobile wireless providers.”⁹ By year-end 2023, POTS subscriptions provided by incumbent LECs amounted to *less than 5% of all voice subscriptions nationwide* — and POTS subscriptions “declined at a compound annual growth rate of 15.7% per year” over the preceding three-year period.¹⁰ Nationwide, more than 75% of adults and more than 85% of children live in households that have replaced wireline phone service (whether VoIP or POTS services) with wireless service exclusively.¹¹ As the Commission summarized in 2020, American consumers have embraced

the “transition[] to newer technologies, increasingly moving from fixed legacy voice to fixed or nomadic voice over Internet protocol (VoIP) and mobile voice services, and from DSL to broadband provided over fiber and fixed and mobile wireless” — a transition that “is only going to increase further as 5G deployment progresses” and pushes copper “loops into obsolescence.”¹²

Prospective and current customers in the Affected Service Area have numerous options to choose from in lieu of the Affected Services. As evidenced by the data described above, most consumers have elected to receive voice services from the many alternative providers competing in the area. AT&T, T-Mobile, Verizon, and mobile resellers offer CMRS-based voice throughout the Affected Service Area.¹³ Those who still use wired phones presumably are purchasing voice service from cable or fiber providers, such as Charter or Xfinity, among others. Customers in the Affected Service area also can purchase internet service through fixed wireless providers and use over-the-top VoIP services in conjunction with their wired (or cordless) telephones. Other customers still can use satellite providers, including Viasat, Hughes, and Starlink. All of these services are regularly advertised as cost-effective options for voice service.¹⁴

¹² Report and Order, *Modernizing Unbundling and Resale Requirements in an Era of Next-Generation Networks and Services*, 35 FCC Rcd 12425, ¶¶ 23, 58 (2020).

¹³ Mobile wireless services also come with several technological advantages over fixed that increase their value to consumers. In addition to the obvious benefit of being *mobile*, when customers move, they do not have to cancel and initiate new service, nor do they have to worry about changing phone numbers. In many cases, wireless plans include data service in addition to voice service. Mobile wireless providers are also subject to the FCC’s 911 regulations, including location-accuracy requirements. 47 C.F.R. § 9.10. Mobile wireless services also provide access to 711 abbreviated dialing for Telecommunications Relay Service users.

¹⁴ *See, e.g.*, Xfinity – Home Phone, Equipment, <https://www.xfinity.com/learn/home-phone-services/equipment> (last visited Jan. 9, 2025) (advertising “reliable home phone with amazing call clarity” for \$15 per month); Spectrum – Spectrum Voice – Home Phone, <https://www.spectrum.com/resources/home-phone/how-to-get-the-most-from-your-home-phone->

Most importantly, AT&T now offers AP-A and APB-A, which AT&T specifically designed as cost-effective alternatives to legacy voice services. AT&T has devoted substantial resources into developing AP-A and APB-A, which leverage AT&T's substantial investments in its wireless network to ensure that customers enjoy continued access to dependable and cost-effective voice services. These easy-to-use, competitively priced services are broadly available across the Affected Service Area and provide superior functionality than the Affected Services. Indeed, the Commission recently recognized that AP-A is an adequate replacement for residential POTS by approving streamlined treatment for AT&T's discontinuance application for AT&T Residential Local Service in certain wire centers in Oklahoma.¹⁵ Likewise, AT&T highlighted APB-A as a key alternative to AT&T Business Local Exchange Access Line Service

in its 2023 grandfathering application covering that service.¹⁶ Detailed overviews of both AP-A and APB-A are set forth in those applications, as well as in AT&T's publicly filed test plans for each service.¹⁷ Between AP-A, APB-A, and the many other competitive options available in the Affected Service Area, customers and prospective customers of the Affected Services have a multitude of cost-effective offerings to choose from.

CONCLUSION

For the reasons identified above, the public convenience and necessity will not be adversely affected by the grandfathering of the Affected Services. AT&T respectfully requests the Commission approve its Section 63.71 Application to grandfather services.

Important Update About Your Home Phone Service

January 15, 2025

[REDACTED]

We're improving our phone networks and will soon stop taking new orders for traditional landline phone service, known as AT&T Residential Local Service,¹ in your area.² Your current phone service is not changing, but starting on or after March 17, 2025 (pending regulatory approval), we won't accept any new orders or changes to your existing service, including moving your service to a new location. You can keep using your home phone service as usual and cancel whenever you want.

Why the change? We now have newer, high quality phone service available in your area that may be less expensive, so we're no longer offering traditional landline phone service to new customers. Both new and current customers can choose from options like AT&T Wireless or AT&T Phone - Advanced (AP-A). AP-A works just like your current service and supports things like fax machines, alarms, and medical monitoring devices. Plus, you can keep your current phone number if you switch.

Want to Upgrade or Learn More? If you're interested in upgrading to AT&T Phone - Advanced or want to discuss other options, give us a call at (888)994-7035. We're available Monday to Friday, 7 am - 9 pm CT, and Saturday 8 am - 9 pm CT.

Thank you.

AT&T

Bedminster, NJ 07921-2693

¹In the areas impacted by this notice, AT&T Residential Local Service is provided by BellSouth Telecommunications, LLC, d/b/a AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina, and AT&T Tennessee; Illinois Bell Telephone Company, LLC, d/b/a AT&T Illinois; Indiana Bell Telephone Company, LLC, d/b/a AT&T Indiana; Michigan Bell Telephone Company, d/b/a AT&T Michigan; The Ohio Bell Telephone Company, LLC, d/b/a AT&T Ohio; Southwestern Bell Telephone Company, LLC, d/b/a AT&T Arkansas, AT&T Missouri, AT&T Oklahoma, and AT&T Texas; and Wisconsin Bell, LLC, d/b/a AT&T Wisconsin.

²A full list of AT&T wire centers affected by this notice is attached.

We're required by the FCC to provide the following statement:

The FCC will normally authorize this proposed discontinuance of service (or reduction or impairment) unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 30 days after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the section 63.71 application of BellSouth Telecommunications, LLC, d/b/a AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina, and AT&T Tennessee; Illinois Bell Telephone Company, LLC, d/b/a AT&T Illinois; Indiana Bell Telephone Company, LLC, d/b/a AT&T Indiana; Michigan Bell Telephone Company, d/b/a AT&T Michigan; The Ohio Bell Telephone Company, LLC, d/b/a AT&T Ohio; Southwestern Bell Telephone Company, LLC, d/b/a AT&T Arkansas, AT&T Missouri, AT&T Oklahoma, and AT&T Texas; and Wisconsin Bell, LLC, d/b/a AT&T Wisconsin. Comments should include specific information about the impact of this proposed discontinuation (or reduction or impairment) upon you or your company, including any inability to acquire reasonable substitute service.

Important Notice Regarding AT&T Business Local Exchange Access Line Services
Effective on or After March 17, 2025

No changes are being made to your existing phone service, subject to the conditions below. However, effective on or after March 17, 2025, pending regulatory approval, AT&T Business Local Exchange Access Line Service will no longer be available for purchase by new or existing customers in certain parts of our network.¹

AT&T Business Local Exchange Access Line Service provides business customers with telecommunications service within a specified geographical area for local calling and access to and from the telecommunications network for Long Distance Message Telecommunications Service.

Our records indicate that you currently purchase AT&T Business Local Exchange Access Line Service within at least one of the AT&T wire centers impacted by these changes.² Your affected service addresses are listed below. As a *current* AT&T customer, you may retain your existing service(s) subject to the following changes:

- **Effective on or after March 17, 2025, AT&T will no longer allow new orders, renewal of Service agreements, or requests for physical changes to your service (including moves to different service addresses), unless your contract expressly allows such orders or changes. Following the expiration of your current term agreement, AT&T will only allow renewal of the service upon terms specified by AT&T, subject to AT&T's right to change the rates, terms, and conditions of the service upon notification.**

AT&T offers AT&T Phone for Business with AT&T Business Fiber, AT&T Phone for Business – Advanced, AT&T Office@Hand, and AT&T IP Flexible Reach as replacements for AT&T Business Local Exchange Access Line Services.

Your AT&T Service Representative will contact you to discuss alternative solutions that meet your business communication needs.

We appreciate your understanding and look forward to serving your business.

Sincerely,
AT&T Business Services
208 S. Akard Street
Dallas, Texas 75202

²A full list of AT&T wire centers affected by this notice is included at the end of this notice.

AT&T is required by the FCC to provide the following statement:

The FCC will normally authorize this proposed discontinuance of service (or reduction or impairment) unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 10 days after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the section 63.71 Application of BellSouth Telecommunications, LLC, d/b/a AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina, and AT&T Tennessee; Illinois Bell Telephone Company, LLC, d/b/a AT&T Illinois; Indiana Bell Telephone Company, LLC, d/b/a AT&T Indiana; Michigan Bell Telephone Company, d/b/a AT&T Michigan; The Ohio Bell Telephone Company, LLC, d/b/a AT&T Ohio; Southwestern Bell Telephone Company, LLC, d/b/a AT&T Arkansas, AT&T Missouri, AT&T Oklahoma, and AT&T Texas; and Wisconsin Bell, LLC, d/b/a AT&T Wisconsin. Comments should include specific information about the impact of this proposed discontinuation (or reduction or impairment) upon you or your company, including any inability to acquire reasonable substitute service.

**Important Notice Regarding AT&T Business Local Exchange Access Line and AT&T Residential Local Service
Effective on or after March 17, 2025**

No changes are being made to your existing phone service, subject to the conditions below. However, effective on or after March 17, 2025, pending regulatory approval, AT&T Business Local Exchange Access Line Service and AT&T Residential Local Service (collectively, the "Affected Services") will no longer be available for purchase by new or existing customers in certain parts of our network.

The Affected Services provide individual business customers with telecommunications service within a specified geographical area for local calling and access to and from the telecommunications network for Long Distance Message Telecommunications Service.

Our records indicate that you currently purchase at least one of the Affected Services within at least one of the AT&T wire centers impacted by these changes. As a current AT&T customer, you may retain your existing service(s) subject to the following changes:

- **Effective on or after March 17, 2025, AT&T will no longer allow new orders, renewal of service agreements, or requests for physical changes to your service (including moves to different service addresses), unless your contract expressly allows such orders or changes. Following the expiration of your current term agreement, AT&T will only allow renewal of the service upon terms specified by AT&T, subject to, AT&T's right to change the rates, terms, and conditions of the service upon notification.**

AT&T offers AT&T Phone for Business with AT&T Business Fiber, AT&T Phone for Business – Advanced, AT&T Office@Hand, and AT&T IP Flexible Reach as replacements for AT&T Business Local Exchange Access Line Service. AT&T offers AT&T Phone – Advanced as a replacement for AT&T Residential Local Service.

Please contact your Sales Account Manager to discuss alternative solutions that meet your business communication needs.

We appreciate your understanding and look forward to serving your business.

Sincerely,
AT&T Business Services
208 S. Akard Street
Dallas, TX 75202
