Subject: Duke electric

Dear Governor DeSantis

Our electric bill has tripled. Is it fair that Duke is charging us for those 2 Hurricanes which did so much damage? I still have a huge oak tree in my backyard I can't afford to have it fixed. It's split in half and 1/2 of my tree on one neighbors fence and the other half on the other side of another neighbor fence.

I am on a fixed income can't the people who make over 120,000 pick up the expenses?

My home owner insurance is another expense as well as the car insurance. Florida used to be one of the cheaper states to live in but now we are one of the most expensive why is that happening? Can't you please do something to help the American people thank you, sir.
