Dear Commission Clerk,

Florida Community Water Systems, Inc. (FCWS) hereby submits its response to Staff Deficiency Letter dated February 12, 2025.

Attached is a revised updated service territory map for the existing and proposed service territory. FCWS expended \$1,500 to have Cavone, Inc. a licensed land surveyor and mapper draw the new map. This encompasses the existing approved service territory, as well as, the proposed additional service area. The description of the resulting service territory is included on this map.

For the proposed water/wastewater lines – those were previously provided in FCWS’ application; Document No. **09746-2024**.
