Energy Florida, LLC

Docket No. 20250015-EI

Dated: February 26, 2025

**DUKE ENERGY FLORIDA LLC'S  
REQUEST FOR CONFIDENTIAL CLASSIFICATION**

Duke Energy Florida, LLC (“DEF” or “Company”), pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), submits this Request for Confidential Classification (the “Request”) for certain information provided in its response to the Office of the Public Counsel’s (“OPC”) First Set of Interrogatories (Nos. 1-61). In support of this Request, DEF states:

1. DEF’s Response to OPC’s First Set of Interrogatories (Nos. 1-61), specifically documents responsive to question 31, bearing bates numbers 20250015-DEF-00000031 through 20250015-DEF-00000043 respectively, contain “proprietary confidential business information” under § 366.093(3), Florida Statutes.

2. The following exhibits are included with this request:

(a) Sealed Composite Exhibit A is a package containing unredacted copies of all the documents for which DEF seeks confidential treatment. Composite Exhibit A is being submitted separately in a sealed envelope labeled “CONFIDENTIAL.” In the unredacted versions, the information asserted to be confidential is highlighted in yellow.

(b) Composite Exhibit B is a package containing two copies of redacted versions of the documents for which the Company requests confidential classification. The specific information for which confidential treatment is requested has been blocked out by opaque marker or other means.

(c) Exhibit C is a table which identifies by page and line the information for

which DEF seeks confidential classification and the specific statutory bases for seeking confidential treatment.

3. As indicated in Exhibit C, the information for which DEF requests confidential classification is “proprietary confidential business information” within the meaning of Section 366.093(3), F.S. Specifically, the information at issue includes proprietary and confidential internal sensitive business information regarding grid mapping, the disclosure of which could harm the ratepayers or the Company’s business operations by disclosing the exact location of certain distribution assets. *See* § 366.093(3) and 366.093(3) (c), F.S.; Affidavit of Brian M. Lloyd at ¶¶ 3 and 4. Accordingly, such information constitutes “proprietary confidential business information” which is exempt from disclosure under the Public Records Act pursuant to Section 366.093(1), F.S.

4. DEF must ensure that sensitive business information is kept confidential, the disclosure of which could harm the ratepayers or the Company’s business operations and its ability to keep internal grid mapping information confidential. *See* § 366.093(3) and 366.093(3) (c), F.S.; Affidavit of Brian M. Lloyd at ¶¶ 3 and 4. Disclosure of this non-public grid mapping could be to the detriment of DEF and its customers by endangering the security of the Company’s grid. If the information at issue was disclosed, DEF’s efforts to maintain confidentiality of certain assets could be compromised. *See id.* at ¶ 4. Accordingly, such information constitutes “proprietary confidential business information” which is exempt from disclosure under the Public Records Act pursuant to Section 366.093(1), F.S.

5. The information identified as Exhibit “A” is intended to be and is treated as confidential by the Company. *See* Affidavit of Brian M. Lloyd at ¶ 5. The information has not been disclosed to the public, and the Company has treated and continues to treat the information at issue as confidential. *See* Brian M. Lloyd at ¶ 5.

6. DEF requests that the information identified in Exhibit A be classified as “proprietary confidential business information” within the meaning of section 366.093(3), F.S., that the information remain confidential for a period of at least 18 months as provided in section 366.093(4) F.S., and that the information be returned as soon as it is no longer necessary for the Commission to conduct its business.

WHEREFORE, for the foregoing reasons, DEF respectfully requests that this Request for Confidential Classification be granted.

RESPECTFULLY SUBMITTED this 26<sup>th</sup> day of February, 2025.

## **AFFIDAVIT OF BRIAN LLOYD**

**BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION**

---

In re: Review of 2026-2035 Storm Protection  
Plan Pursuant to Rule 25-6.030, F.A.C., Duke  
Energy Florida, LLC

---

Docket No. 20250015-EI

Dated: February 26, 2025

**AFFIDAVIT OF BRIAN LLOYD IN SUPPORT OF  
DUKE ENERGY FLORIDA, LLC'S  
REQUEST FOR CONFIDENTIAL CLASSIFICATION**

STATE OF FLORIDA

COUNTY OF ORANGE

BEFORE ME, the undersigned authority duly authorized to administer oaths, personally appeared Brian Lloyd, who being first duly sworn, on oath deposes and says that:

1. My name is Brian Lloyd. I am over the age of 18 years old, and I have been authorized by Duke Energy Florida (hereinafter "DEF" or the "Company") to give this affidavit in the above-styled proceeding on DEF's behalf and in support of DEF's Request for Confidential Classification (the "Request"). The facts attested to in my affidavit are based upon my personal knowledge.

2. I am the General Manager in the Florida Power Grid Operations Department. This department is responsible for planning for grid upgrades, system planning, and overall Distribution asset management strategy across DEF and the Project Management for executing the work identified.

3. DEF is seeking confidential classification for certain information provided in its response to OPC's First Set of Interrogatories (Nos. 1-61), specifically question 31, bearing bates numbers 20250015-DEF-00000031 through 20250015-DEF-00000043. The confidential

information at issue is contained in confidential Exhibit A to DEF's Request and is outlined in DEF's Justification Matrix that is attached to DEF's Request as Exhibit C. DEF is requesting confidential classification of this information because it contains sensitive business information, the disclosure of which could harm the ratepayers or the Company's business operations and its ability to keep internal grid mapping information confidential.

4. The confidential information at issue relates to proprietary and confidential information. Specifically internal maps with the exact the location of DEF's distribution assets. DEF must ensure that sensitive business information is kept confidential, the disclosure of this non-public grid mapping information could endanger the security of DEF's grid, to the detriment of DEF and its customers.

5. Upon receipt of its own confidential information, strict procedures are established and followed to maintain the confidentiality of the terms of the documents and information provided, including restricting access to those persons who need the information to assist the Company, and restricting the number of, and access to the information. At no time since receiving the information in question has the Company publicly disclosed that information. The Company has treated and continues to treat the information at issue as confidential.

6. This concludes my affidavit.

Further affiant sayeth not.

Dated the 20<sup>th</sup> day of February, 2025.

(Signature)

  
Brian Lloyd
