

FLORIDA PUBLIC SERVICE COMMISSION

Item 16

VOTE SHEET

FILED 3/3/2025  
DOCUMENT NO. 01256-2025  
FPSC - COMMISSION CLERK

March 4, 2025

**Docket No. 20240107-GU** – Petition for approval of modifications to cast iron/bare steel pipe replacement rider, by Peoples Gas System, Inc.

**Issue 1:** Should the Commission approve Peoples' proposed modifications to the CI/BS Rider?

**Recommendation:** Yes, in part. The Commission should approve Peoples' expansion of the rider program to include: (1) maximum allowable operating pressure (MAOP) reconfirmation and material verification, (2) pipeline spans and shallow/exposed pipe, and (3) the relocation of facilities in rear easements. These components of the proposed rider expansion are reasonable additions that are required by recent changes to the United States Pipeline and Hazardous Materials Administration (PHMSA) regulations and/or are consistent with approved items in previous Commission Orders.

The Commission should deny the inclusion of (1) pipeline pressurization monitoring and management, (2) pipeline damages and leaks, (3) pipeline within casings, (4) undetectable facilities, and (5) system enhancement projects, as they are not required by PHMSA regulations and/or are part of the utility's normal operations and, therefore, more appropriately addressed through traditional ratemaking processes.
