Docket No. 20240157-GU – Petition for approval to establish a new regulatory subaccount and an amortization rate and to reclassify customer software investment and reserve balance, by Peoples Gas System, Inc.

Issue 1: Should PGS’s request to establish a new subaccount with a new applicable amortization rate for the WAM software be approved, and if so, what is the appropriate account classification and the associated amortization rate?

Recommendation: Yes.
