**COMPLAINT INFORMATION**

Complaint: Other Complaints against Florida Power & Light Company  
Details:

The only thing more GROTESQUE than FPL asking for a \$9 BILLION rate hike is if the PSC even remotely considers granting this. Who is more amoral & corrupt here, FPL or the PSC. Florida has the highest percentage of senior citizens to its population of any state in the country. The majority are on fixed income which will be negatively impacted. A public energy company beholden to shareholders is an invitation to gauge customers. Someone(s) on the PSC needs to grow a spine.
